

# Telehealth– Keeping us Connected....

*LRGHealthcare's mission is to provide quality, compassionate care and to strengthen the well-being of our community.*

**Telehealth is healthcare by means of telecommunication technology including telephone and also video conferencing setup through email.**

**Designed for non-emergency care and convenient, quality care right from your own home with your provider.**

**The visit works the same as your face-to-face appointment and will be billed accordingly.**

## **LRGH is utilizing Starleaf as our Telehealth platform**

**Starleaf runs on PC's, Macs, IOS and Android devices with a common user experience and with StarLeaf's simple interface makes it easy to communicate on any device.**

### **Using Starleaf from Smartphone or Tablet**

- **Download the Starleaf App**
- **Allow access to your camera and microphone (both will be required for a video call)**
- **Once downloaded, open the email invitation and click join meeting which will allow you to access the Telehealth video call with your provider.**

### **Using Laptop or Desktop**

- **Open the email invitation and click join meeting**
- **You will be prompted to download, once downloaded you will gain access to the meeting**

**All our providers will be utilizing Starleaf and after your initial setup, simply click join meeting allowing your appointment to begin.**

**Call your providers office and we will help set-up the rest !**
