

WE ARE HERE FOR YOU!

REOPENING INFORMATION FOR THE WEEK OF JUNE 22ND

It's been a long journey and we at LRGHealthcare continue to be inspired and humbled by the support received by our Lakes and Three Rivers Regions' family and friends. We are ready to resume providing the outstanding local care you have come to know and expect.

LRGHealthcare is close to the final phase of our reopening plan and continuing to bring back a mix of primary care, time-sensitive specialty care, and hospital departments on a weekly basis. Time-sensitive care does not have a precise definition, but resides in the space between emergent care and elective care. We will continue to provide updates via social media, www.lrgh.org and news print.

LRGHealthcare will continue to have measures in place to safely provide care contingent upon several requirements that must be met on an ongoing basis. You will be called prior to your appointment confirming time and date. When you arrive at the practice:

- 1. Call the office when you have arrived in the parking lot. You will receive the number to call when you preregister for your appointment.**
- 2. You will have a health screening.**
- 3. You will be provided a mask if you don't have one.**
- 4. When the provider is ready and after you have been screened, you will be brought directly to the exam room.**

The week of June 22, 2020 the following practices are scheduled to reopen:
